

TEN SQUARE MILES OF PITTSBURG
AND ALLEGHENY UNDER WATER
HIGHEST RECORD OF CENTURY

Score People Drowned, Property Loss Twenty
Million Dollars, 175,000 People
Are in Idleness.

Ohio River at Cincinnati Will Reach 60 Foot Stage
---Traffic Now Demoralized---Villages and Farmlands
Laid Waste---Business Crippled---People Suffering.

CINCINNATI, O., March 15—(Bulletin)—The Ohio river will rise 10
feet by Saturday night, says the forecaster today. Parts of Portsmouth are
under six feet of water and many people have been driven out of their
homes.

FRIGHTFUL LOSS IN PITTSBURG.
PITTSBURG, March 15—(Bulletin)—It is estimated this afternoon
that the total loss from the flood will reach \$20,000,000. To this must be
added \$350,000 fire damages in one fire sixteen stores and five resi-
dences burned. Late this afternoon the river was falling rapidly.

TEN THOUSAND PEOPLE HOMELESS.
WHEELING, March 15—(Bulletin)—Ten thousand families are
homeless in this vicinity. Business of all kinds is suspended here. Two-
thirds of Bridgeport is under water. Martins Ferry and Bellaire are half
covered. The loss in the three Ohio towns will be \$200,000. The Ohio is
still rising here.

HIGHEST RECORD OF CENTURY.
PITTSBURG, March 15—The flood in the rivers is receding slowly,
one inch an hour. The crest was reached at 6 o'clock this morning with
the highest record of a century. Thirty-six feet and six inches at the official
figures. Ten square miles of the most thickly populated territory in
Pittsburg and Allegheny are partially under water.

Thousands are homeless, dozens of stores and great office buildings
are partially under water, and the city was in darkness last night. Local
trains on the Baltimore & Ohio, Wheeling & Lake Erie, Allegheny Valley,
West Penn and Cleveland & Pittsburg, have been abandoned.
It is estimated that 175,000 people in Allegheny county are idle. The
losses will reach \$10,000,000. More than a score are dead. The death list
may be higher. The upper river will fall rapidly today, but below Pitts-
burg the rivers are rising.
Serious fires resulted today. The firemen were helpless as the flood
threw out the city water works. The firemen were forced to dynamite the
buildings in the path of flames. Fifty shifts are being used to carry pro-
visions to people cut off by the water. The city has ordered large quanti-
ties of bread, coal, hams and coffee. Relief stations have been opened all
over the city. The police took 125 women and children out of second
story windows this morning and lodged them in the central police station.
The mayor and directors are working with the police.

OHIO RIVER IS RISING SLOWLY.

CINCINNATI, March 15—The Ohio river rose slowly during the
night. The flood has forced the abandonment of the Grand Central station.
Many business houses on the river front are flooded. Hundreds have
been driven from their homes.
At Parkersburg, Wm. Francis and family of four were drowned while
escaping from their home. Six hundred homes are flooded at Chillicothe
and militia is guarding the submerged district. At Miamisburg the town
hall is occupied by the refugees. At Cambridge four squares are under
water. At Derwent, near there, a town of 200 people was swept away,
and the inhabitants are camped in the hills.

FLOOD SITUATION
IS IMPROVED HERE

MUCH DAMAGE, HOWEVER, HAS
BEEN DONE BY THE HIGH
WATER.

Trolley Service to Zanesville is Inter-
rupted—Buckeye Lake Above
High Water Mark.

The flood situation about the city
is much improved and it is now be-
lieved that the danger line is passed.
An immense amount of damage
has been done to houses and land in
South Newark, in the vicinity of Rac-
oon creek in West Newark, and in
Oklahoma. Great holes are to be
seen in the streets and yards. In
South Newark many parts of side-
walks have been carried away in the
flood and outbuildings and sheds have
been overturned and torn to pieces by
the force of the current.

Of the great number of people who
were forced to leave their homes in
search of shelter from the rushing
waters of the Licking's tributaries,
many are returning to their houses,
and living as best they can until the
water again returns to its banks.
Ever since shortly before noon
Thursday the streams have been go-
ing down rapidly so that it is believed
that by Saturday night they will have
reached the limits of their banks
again.
No estimate can be made on the
damage to local personal property
such as fences, buildings, car-
riages, and in some cases, animals,
have been taken away by the force of

the water which raged over the city
since Tuesday night.
The Board of Public Service states
that the damage done to the city
streets and property will amount to
a considerable sum over \$500. Most
of the damage was in the South End.
A large hole at Pataskala and Ger-
man streets, nearly 10 feet deep and
several feet across, has been fenced
in by the board to avoid accidents.
Steam and electric railroad condi-
tions are almost as bad as they were
Thursday. B. & O. trains are all
mixed up on their time. Connections
with Columbus and Zanesville are all
right from Newark, and the Lake
Erie division is suffering no serious
inconvenience. Trains No. 103 and
104 are being taken to Pittsburg by
way of the Pennsylvania lines. At
present there are no through trains
on the B. & O. to the east. The farth-
est point to be made is Neffs, near
Bellaire.

Interurban service to Columbus is
all right and running on time but the
east bound trolley cars can go no
farther than Hanover, and it is be-
lieved that it will take three or four
days in which to repair the seven
miles of track which was washed out
on the Newark-Zanesville line, and
until this time no cars can run.
The flood has played havoc with
everything along the banks of the
South Fork of the Licking river. In
the south end of Newark many houses
have been submerged and the in-
mates have been compelled to seek
quarters elsewhere. Among the prin-
cipal sufferers is Mr. E. Eisenstein, the
well known junk dealer, located at
221 South Fifth street. Mr. Eisen-
stein says that the high waters have
carried away a great deal of his junk
and damaged much more. He esti-
mates his loss at close to \$500. He
says the waters flooded his house and
that he was compelled to get a hack
to remove his family to a place of
safety at 3 o'clock in the morning. He

JOHN R. WALSH
MUST STAND TRIAL

Federal Judge Anderson Holds That
168 Counts Against Chicago
Banker are Sound.

Chicago, March 15—John R. Walsh
charged with having misapplied more
than \$1,500,000 of the funds of the
Chicago National bank and kindred
institutions, must stand trial on 168
counts of the indictment against him.
This was the ruling of Federal Judge
Anderson this morning in passing on
Walsh's demurrer. Judge Anderson
quashed 22 counts of the 182 sus-
taining Walsh's plea of insufficiency.

SECRETARY TAFT'S BOOM.
Washington, March 15—Chas. Taft
the Cincinnati editor is here today
sounding the officials on the chances
of his brother, Secretary Taft, for the
presidency. He saw Secretary Cortel-
you and conferred for two hours with
the President.

WISCONSIN GIRLS
ORGANIZE A CLUB

Will Buy a Farm and Live in "Single
Bliss" if They Don't Change
Their Minds.

Madison, Wis., March 15—Fifteen
women students at Wisconsin Univer-
sity have formed a "single blessed-
ness" club, the members of which are
pledged to remain single during life
under penalty of \$500 fine. Miss
Hedwig E. Federle of West Bend, is
president of the society. It is the ul-
timate object of the club to purchase
a farm at one of the pleasure resorts
in Wisconsin and there to live in sin-
gle bliss.

SHILL IS PARDONED.
Montgomery, Ala., March 15—W. E.
Shill, convicted of murder, today went
forth a free man, pardoned by Gov-
ernor Comer. In granting the pardon
the governor said: "I pardon this man
because he killed a man who ruined
his daughter."

CONVICTION IS GENERAL THAT

HAVE ENDED

A WEAK CLOSE IN LONDON

Steel Trust Profits Show Increase—
Railway Profits Show Decrease—
Roosevelt Soon.

(Bulletin.)
New York, March 15—A turn of
the tide seems to have come in Wall
street. After ailing the bottom the
market rebounded today. This after-

noon the conviction was general that
for the time at least the convulsions
have ended. The bears are hanging
on however, and have not been rout-
ed. The extensive liquidation is not
yet satisfactorily explained. All
along the line this afternoon the ten-
dency of the market was upward.
Cortelyou's action last evening
stiffened many backbones and the rum-
or of a cabinet conference at the
White House to consider the pow-
er between the railroad presidents
and Roosevelt had its effect. A pre-
liminary meeting of the railway presi-
dents here this afternoon to formu-
late plans for a conference with
Roosevelt is an encouraging omen.
One of the dangerous factors was the
weak close in London, where stocks
were bitterly assailed this morning.
Here, Reading and Southern Pacific
showed strength after yesterday's
slaughter. If the railroad presidents
go to Roosevelt as expected, they will
be told to be good and they will be
safe.

New York, March 15—The Steel
trust's report for the year shows
profits of \$156,000,000, an increase
of \$26,000,000.
Washington, March 15—At the cabi-
net meeting today the financial situa-
tion was discussed. Afterward Cortel-
you said he had received no fur-
ther appeals for aid.

New York, March 15—A confer-
ence was held here today by railroad
Presidents Newman, McCrea, Hughitt
and Mellen, to consider plans to call
on President Roosevelt.

SIX ALIENISTS
ALL EMINENT MEN
SAY THAW SANE

EACH BASED HIS OPINION ON
HYPOTHETICAL QUESTION
BY MR. DELMAS.

MRS. EVELYN THAW RECALLED

Defense Wants to Prove by Her That
She Was Lawyer Abe Hummel's
Client.

New York, March 15—From six emi-
nent alienists Mr. Jerome today ob-
tained an opinion that Harry K.
Thaw knew what he was doing when
he killed Stanford White, and knew
that the act was wrong. Each of these
alienists' hypothetical question, as
well as that of Jerome. With his be-
lief that proof of insanity is the only
thing that can save Thaw from con-
viction for murder in first degree.
Jerome is fighting bitterly to hold
the advantage in the expert testi-
mony. Counsel for the defense real-
ized the predicament in which they
were placed and chief counsel Har-
tridge, taking the place of Delmas, be-
gan to present a new hypothetical
question to Dr. Mayhew, the last of
the state's experts. Mr. Jerome ob-
jected vigorously and a noon adjourn-
ment was taken to give Hartridge a
chance to rearrange the question
which he had stated extemporaneous-
ly. Other alienists who said that
Thaw was sane are Drs. Flint, Hirsch,
Ferris, Diefendorf and Prichard, all
men of note in insanity practice.
Hirsch said there is no such thing as
"brain storm."
After the noon recess today Har-
tridge announced that he withdrew his
hypothetical question and called Evely-
n Thaw to the stand to prove that
she was Hummel's client.

THAW WAS SANE
SAYS ALIENIST FLINT

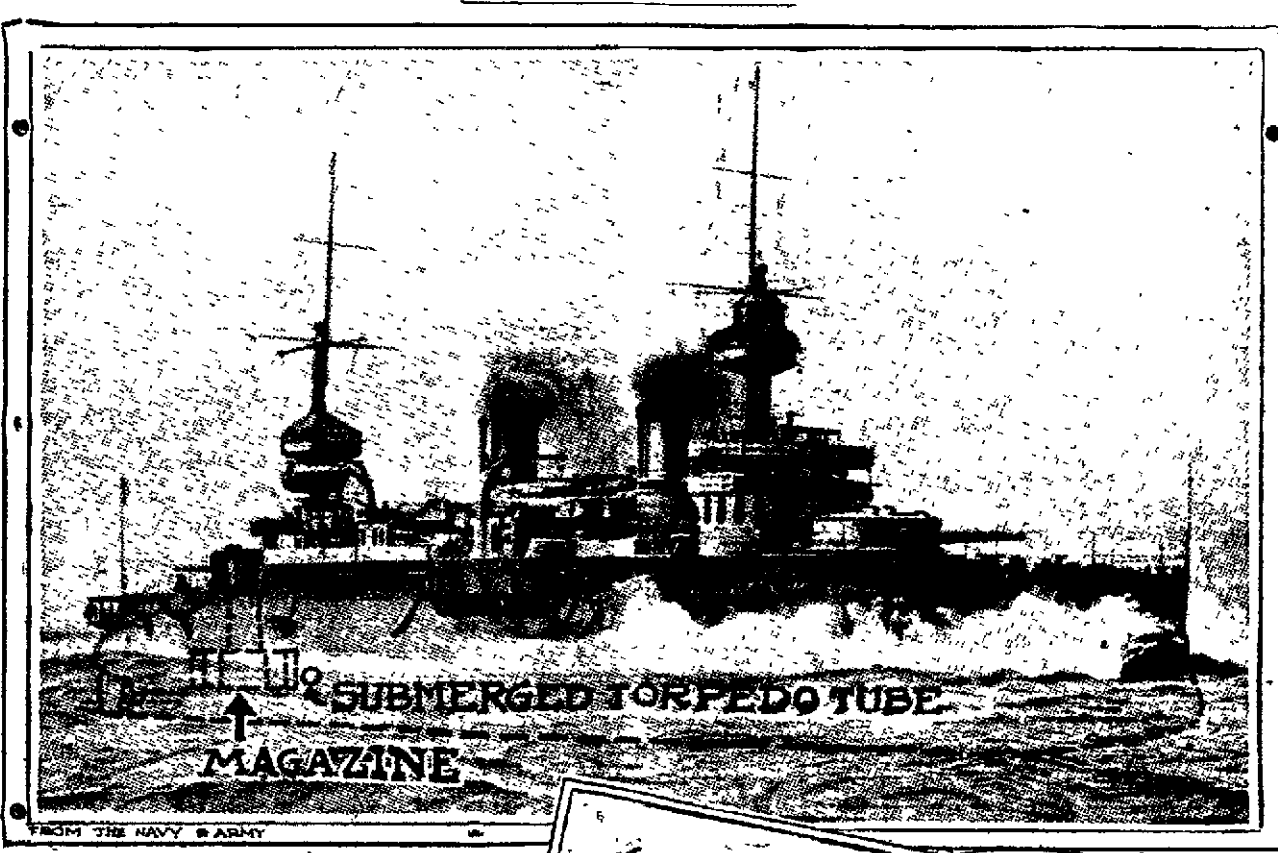

New York, March 15—District At-
torney Jerome's sanguine prophecy
that the taking of testimony would
be concluded by Friday night has been
abandoned, and those concerned in the
case again look to April 1 as the
earliest moment of closing the long
drawn out trial. The state has a num-
ber of alienists who will testify as to
Thaw's sanity, and Attorney Delmas
indicated he would cross-examine each
searchingly.

Testimony was offered during the
session of court to the effect that
Harry Thaw was sane the night of the
tragedy.

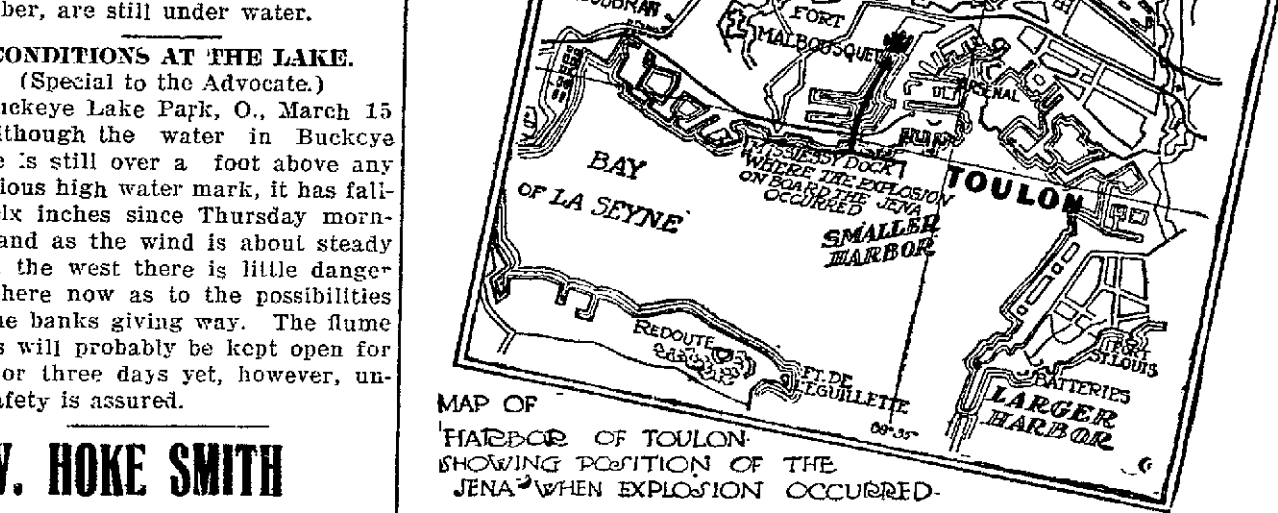

Answering the hypothetical ques-
tion in response to which the alienists
of the defense declared that Harry K.
Thaw was suffering from an unsound
mind and did not know the nature or
quality of his act when he shot and
killed Stanford White, Dr. Austin
Flint, the first expert called by Dis-
trict Attorney Jerome in rebuttal,
declared it to be his opinion that Thaw
positively did know the nature and
quality of his act and knew that the
act was wrong. After repeating the
same question which Mr. Delmas put
to the experts for the defense, and
having him declare that Thaw was
sane on the assumption of the facts
stated therein, Mr. Jerome had read
to the witness the prosecution's hypo-
thetical question, which contained
some 15,000 words and which required
1 hour and 18 minutes in the reading.
The question covered the entire life of
Thaw as it had been testified to by
various witnesses. Dr. Flint again
said without qualification that Thaw
knew his act was wrong, and is there-
fore liable for the murder in the first
degree under the statutes of the state
of New York.

Abraham Hummel was on the stand
again, and before Delmas could object
to a question put to him by Mr. Je-
rome the witness had got into the
record the statement that Evelyn Nes-
bit had told him that she had informed
Harry Thaw in Paris in 1903 that
Stanford White positively had not
drugged or betrayed her. Mr. Delmas
at first moved to have the question
and answer stricken from the record,
but as the district attorney seemed
about to consent to this plea, the
counsel for the defense insisted that
the answer stand. Testimony here was
banned until Mrs. Evelyn Nesbit Thaw
again takes the stand to testify as to
whether or not Hummel was acting as
her attorney when she made the
statements to him which were after-
ward embodied in an affidavit. Both
Mr. Jerome and Mr. Delmas were irri-
table during the session and had fre-
quent clashes.
A dramatic clash between the attor-
neys occurred while Hummel was in
the witness chair, and following a

THE FRENCH BATTLE SHIP JENA.

NEW YORK, March 15—It is already apparent that the catastrophe

already suggested by dispatches from Toulon and Paris.

GOV. HOKE SMITH
NAMES LA FOLLETTE
FOR PRESIDENT

Southern Official Says the Wisconsin
Senator is the Man Republicans
Should Nominate.

Cincinnati, March 15—Governor
Hoke Smith, who arrived in Cincinnati
to speak before the annual dinner
of the Receivers' and Shippers'
Association, waived aside all interro-
gations concerning politics. But in
doing so he adroitly managed to get
in a significant shot about presiden-
tial timber for the next campaign.
"People have their views about can-
didates," he said, "but it seems to me
that I, for one, could find no reason-
able excuse for failing to vote for La
Follette of Wisconsin if he were nomi-
nated. And I am a Democrat, too."
The governor thus gave squarely
on record in behalf of the fight-
ing senator from the Badger state,
whose efforts in his own state and in
Congress to bring about radical re-
forms in the handling of public car-
riers have so upset the railroad cor-
porations.

ADVOCATE'S COLORED SUPPLEMENT.

Tomorrow's Advocate will be incomplete without the four page
colored supplement—a magazine section and comics.
The first page tells in a pictorial way, how "Willie Cate Hangs
the Cap Up for the Night," while the fourth page is devoted to
"Good Taste in Maidens' Finery," and to an illustrated story about
a burglar proof dog.
The inside pages contain a splendid short story, "The Typewrit-
ter Letter," by Robert Barr, and "The Bravest Deeds I Ever Knew,"
by Major General Nelson A. Miles, a copyrighted narrative, is well
worth reading. Another feature is Elizabeth Lee's correspondence
bureau of fashions and a section is devoted to the boy and girl read-
ers of the Advocate.
"Raven Boy and the Moon," an Alaskan Indian story, is a splen-
did one, and "How Gritty Got His Freedom," by Noble Ives, is worth
while. "Peep Holes of the Angels" is another short story found in
the children's department.
Boys and Girls, (big and little) like the colored comic sections of
the Sunday papers, and the Advocate intends to present to its readers,
a supplement that will compare favorably with any of them. In ad-
dition to the comic features will be found fashion notes illustrated
in colors, short stories by the best writers and special features of in-
terest to the little folks. Watch for the Advocate's colored supple-
ment Saturday, March 16.

DESTROYED BY FIRE

Pittsburg, March 15.—The four
story building at 609 Second avenue,
occupied by the Pennsylvania Door
and Sash company and the Pennsil-
vania Paint and Glass company, allied
concerns, was destroyed by fire. An
explosion in the cellar of the build-
ing caused the walls to collapse. Sev-
eral firemen had narrow escapes. The
loss will amount to \$125,000, covered
by insurance.

In a survey between Chicago and
St. Louis an error of only one-half an
inch was made.

ABE RUEF'S LATEST

San Francisco, March 15—A new
application for the release of Aba-
ham Ruef by habeas corpus was made
in the state supreme court when At-
torney Ach and Shorebridge filed an
affidavit alleging that Ruef is a legally
restored of his liberty, by Elmer
Rugey. The application differs from
that filed several days ago in that the
latter was based on the allegation
that the indictment against Ruef is
illegal.

A CAR OF LIME
IGNITED BY FLOOD

Set Fire to Tin Plate Plant in Pitts-
burg This Morning Causing a
\$17,500 Loss.

Pittsburg, March 15.—The plant of
the American Sheet and Tube com-
pany was destroyed by fire this
morning. Loss \$15,000. The bolt de-
partment of the Oliver Iron and Steel
company adjoining the tinplate fac-
tory was damaged about \$2,500. The
flames were caused by a car of lime
on a siding becoming ignited by the
flood.

KILLED SWEETHEART

BECAUSE REFUSED HIM
New Orleans, March 15—Whitney
Moiler, aged 27, shot and killed his
sweetheart, Edna Dobson, aged 17, at
Point Alachua last night and then
killed himself. He has asked her re-
solutely to marry him and she had
refused.

SHOT YOUNG GIRL

Bridgeport, March 15—Frank T. Linn
of Wheeling took his 15 year old
sweetheart Irene Anderson, to his
brother's bachelor apartments, quar-
reled with and shot her fatally. He
surrendered.

Grand Duke Michael, brother of
Emperor Nicholas, contributed \$100-
000 for the relief of famine sufferers.

TIRED AND SICK YET MUST WORK

"Man may work from sun to sun but woman's work is never done."
In order to keep the home neat and pretty, the children well dressed and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound keeps the feminine organism in a strong and healthy condition. It cures inflammation, ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—"For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides. I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly."

Mrs. Pinkham's Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case. Her advice is free and always helpful.

MRS. AUG. LYON

It not only has Illinois for an opponent, but several other of the great states of the Union. To this city may fall not only the acknowledged honor of possessing the loveliest woman in Ohio, but the most beautiful woman in the United States. It is well worth striving for. The chance is in the hands of the people of Newark.

PRES. ROOSEVELT IS STANDING PAT

FLOODED WITH APPEALS, WILL NOT CHANGE ATTITUDE TOWARD RAILROADS.

May Issue Statement Outlining His Position After Confering With Railway Magnates.

Washington, March 15.—Executive and treasury departments have been flooded with appeals for President Roosevelt and Secretary Cortelyou to take some action to avert the "threatened disaster" in the financial and railroad world. It can be stated authoritatively, however, that President Roosevelt will not change his attitude toward the railroads, though it is admitted that the administration has no intention of entering on an extremely radical attack on the railway corporations. The administration is convinced that the great unrest in financial circles has been brought on by the arguments advanced by the railroad interests in trying to prevent "hostile legislation" in the various states, and not by the attitude that the federal government has taken to enforce the laws regulating the common carriers.

While it is known that the visit of J. P. Morgan to the White House last Monday night to induce the president to issue a reassuring statement to the country in regard to the administration's attitude toward the railroads, and the apparent failure of the financier's appeal, has had much to do with the panicky conditions that swept over Wall street, President Roosevelt has repeatedly said that he is not an enemy of the railroads and that those that obey the laws have nothing to fear from the government. While it has not been definitely decided, the president may issue a statement outlining his attitude after he has conferred with Presidents McCrear, Newman, Mellen and Hughton on the railroad situation. The conference with the four railroad magnates, which was granted by the president at the earnest request of Mr. Morgan, will be held the early part of next week.

Panicky at Boston.

Boston, March 15.—Panicky conditions prevailed in the local market for copper stocks. Trading was in heavy volume, and brokers were flooded with orders to sell. Prices broke sharply and continued to decline throughout the day, closing at the lowest. Rates on money rose generally to 10 per cent. Declines of from 5 to 20 points were recorded in the leading coppers.

Cortelyou to the Rescue.

Washington, March 15.—The secretary of the treasury has instructed collectors of customs at places where it is found to be desirable to deposit their customs receipts with national bank depositaries already established in the same cities as the customs houses. The secretary also has issued a circular announcing that he will redeem with interest to July 1 any registered coupon bonds, 4 per cent, 1907, to an amount not exceeding \$25,000,000. The bonds may be presented at once for redemption. The secretary also has announced that under the circular of Oct. 22, 1906, the \$18,000,000 required to be reduced, may be retained with the security now on deposit.

Break at Philadelphia.

Philadelphia, March 15.—There was a violent break on the Philadelphia Stock Exchange, following the panic in New York. Although the sales were not heavy, prices crumbled, and at the close the market appeared to be in a semi-demoralized condition. Reading led the decline.

BRYAN TALKS.

Legislatures Too Near the People to Suit the Railroads.

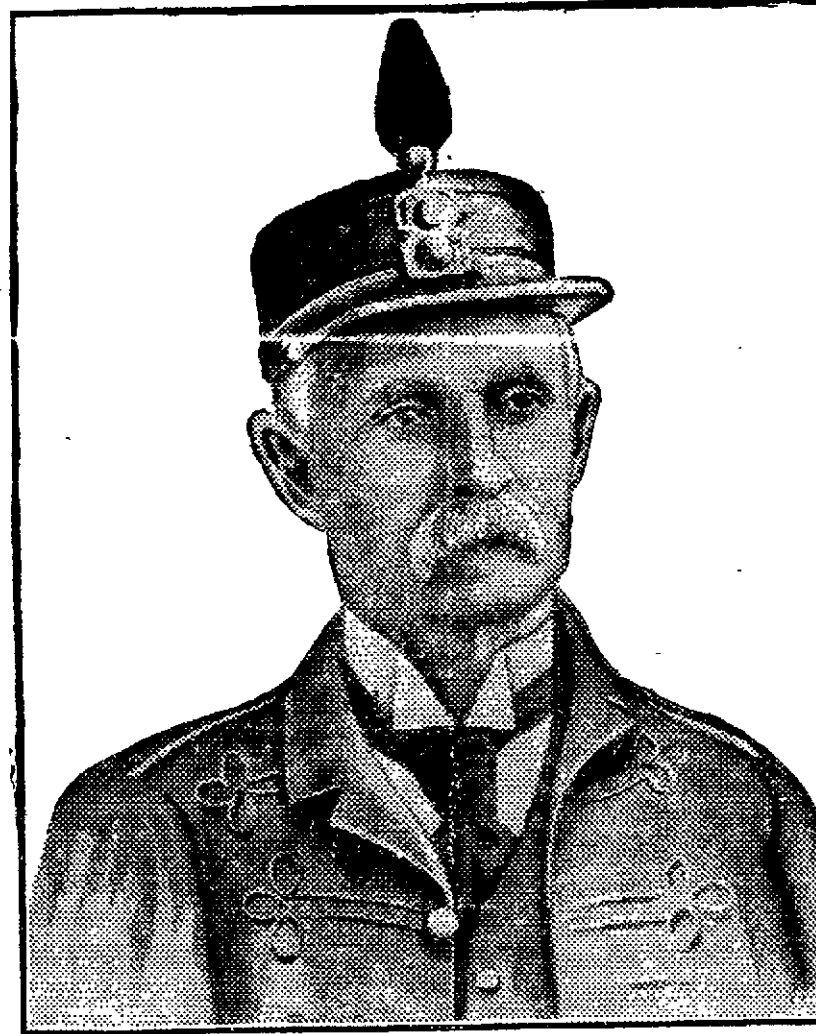

Boston March 15.—In an interview on the railroad situation Hon. William J. Bryan said: "These big corporations prefer to deal with congress for the reason that state legislatures are too near the people. I have said that the sooner the railroads are put on an honest basis the sooner the investing public will feel more secure in doing business with them."

"Do you still adhere to the position you took with reference to government ownership of railroads?" Mr. Bryan was asked.

"I do most emphatically, but I said at Madison Square Garden that ultimate ownership might prove to be the remedy. I did not say immediate ownership."

Before the Massachusetts legislature Mr. Bryan spoke at some length of the rate legislation in congress, and declared that the tardiness in procuring the final rate bill with its amendments was a good illustration of the influence that corporate wealth exerts over legislation in this country. He believed that the tendency today is toward a more strict control of corporations, but he did not think that this meant evil for the investors. "It means," declared Mr. Bryan, "that the natural man whom God made shall not always be trampled upon by the man-made giant that the legislature has created. It was no wonder," he said, "that President Roosevelt had cried out against the swollen fortunes and against the idea of their descending from generation to generation. Those against whom the president inveighed are those who are not giving a service that is at all measured by the money they receive."

Old Band Leader Heads Parade at 84

MR. G. I. PARTRIDGE.

Mr. G. I. Partridge, of Franklin, Mass., who is in his 84th year, led his famous band through the streets of Cambridge at the head of the Knights Templar Parade.

Mr. Partridge has played the life since he was 13 years old, and at the time of the Civil War was appointed to recruit the regimental band of the 18th Massachusetts Regiment, and had charge of the field music. Later he helped to recruit Neal Dow's famous regiment.

In an interview Mr. Partridge said:

"Last April I took a sudden cold, and I was laid up with neuralgia in my shoulder, which brought on fever and took away my appetite, but by using Duffy's Pure Malt Whiskey I came out all right, and on Memorial Day I was leading my band and playing, as well. I think your Malt Whiskey is just the medicine to tone up and keep up the strength of old people."

"Hoping your medicine will prove beneficial to others, I can truly recommend it as a valuable help."—G. I. PARTRIDGE, Franklin, Mass., Sept. 1st, 1906.

Despite his advanced age, Mr. Partridge can still do as good work as men two score years younger.

This is one of the thousands of cases where Duffy's Malt Whiskey drives out the germs of decay, and renders the system as healthy as that of a boy of twenty. This great tonic stimulant and elixir of life has been the means of prolonging the lives of thousands of men and women, who cannot say too much in praise of it.

Duffy's Pure Malt Whiskey

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs, they poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a medicine everywhere. This is a guarantee. Duffy's Pure Malt Whiskey has stood severe tests for fifty years and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal malt whiskey and is sold only in sealed bottles; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. question put by Jerome. "At the interview in your office," asked Mr. Jerome, "did Evelyn Nesbit, prior to your dictating anything, tell you that she had told Thaw that it was not true that Stanford White had drugged and ravished her?" Mr. Delmas was on his feet to object, but before he could do so Hummel said in a loud voice, "She certainly did." Mr. Delmas looked at the witness and with scorn in his voice said, "And you call yourself a lawyer?"

Jerome asked Delmas to address his remarks to the court. He further said he understood Delmas to have said he would not object to the answer to such questions as were asked the witness. Jerome said his assistant, Mr. Garvan, told him Mr. Delmas made such a statement while he (Jerome) was out of the room. Mr. Delmas with some warmth denied having made such a statement. He moved that Jerome's question and Hummel's answer be stricken from the record, and Justice Fitzgerald seemed about to order that done, when Mr. Delmas again took his seat and said: "Through the extraordinary conduct of the district attorney this question and answer are in the record; let them stand, I waive my right."

It is reported that District Attorney Jerome may be called to the witness stand in rebuttal by the defense. The purpose, it is said, is to question Mr. Jerome as to certain actions against Abraham Hummel, who was a witness. This move was taken as a reason for the defense allowing much of the Hummel testimony to stand.

Y. M. C. A. NOTES

The gymnasium class enjoyed a good out door run last night. They are getting into shape for the summer sport. The athletic department is planning a series of distance runs to be pulled off this summer. In order to get the fellows into shape an out door run is planned for every Thursday night at 8:30.

Baseball.

Next Monday the Never-wins will play the Wolves and the Rustlers will meet the Midgets. Mr. Dow who is in charge of the Walter Baker & Co. Cooking School, will treat the players to cocoa and fudge. Mr. Dow takes a keen interest in athletics. He showed his spirit by saving a large plate of fudge for the men who took part in last night's run.

Indoor Baseball.

The N. H. S. Freshmen will meet the South Side Champs in Y. M. C. A. gym at 2 o'clock tomorrow, Saturday afternoon.

ARBUCKLES' ARIOSA COFFEE

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckles' Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckles." No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion.

Arbuckles' was the first roasted packaged and its sales exceed all the others put together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckles' ARIOSA, or what you pay for it, it's the same old uniform Arbuckles' ARIOSA Coffee.

If your grocer will not supply, write to ARBUCKLE BROS., New York City.

The number of women who drive their own automobiles has been growing rapidly, and the indications are that more will join the ranks during 1907 than ever before, and they are using larger cars, too.

So does new automobile law limit the speed in cities to 15 kilometers per hour, in the country to 25 kilometers and everywhere after dark to 10 kilometers. Persons under 18 are forbidden to drive cars.

EXCLUSION

Of Japanese and Korean Laborers. President's Order.

Washington, March 15.—President Roosevelt issued an executive order directing that Japanese and Korean laborers, skilled and unskilled, who have received passports to go to Mexico, Canada or Hawaii and to come therefrom, be refused permission to enter the continental territory of the United States. This is practically the final chapter, except so far as the question may be taken up in treaty negotiations with Japan, in the issue growing out of the differences with that country over the action of the San Francisco authorities in prohibiting Japanese schoolchildren attending the schools set aside for the whites. Authority to refuse permission to the classes of persons cited by the president to enter the continental territory of the United States is contained in the Immigration bill approved Feb. 2.

1665—John Endicott, colonial governor of
Massachusetts, died in Boston, born
1588.
1767—Andrew Jackson, seventh president
and otherwise noted, born at the Wax-
haw settlement, N. C.; died 1845.
1820—Maine became a state. Disputes be-
tween the colonists of Maine and Mas-
sachusetts lasted 90 years. A final
separation took place, and Maine was
admitted into the Union as an inde-
pendent state. Boundary disputes
arose with Great Britain after the
Revolution and were settled in 1842 by
a cession to England of a small por-
tion of territory in return for the free
navigation of the river St. John.
1849—Cardinal Mezzofanti, Italian linguist
and noted for his memory, died; born

United States statisticians report
the earnings of one trust last year as
exceeding a hundred millions, a sum
many millions in excess of the net
earnings of 10 millions of agricultur-
al workers in the decennial period
ending with 1900, yet 20 billion dol-
lars are invested in six million farms
that yield a harvest that staggers the
imagination of the world. The tariff
protected trusts are reaping a greater
harvest than the farmers and tillers of
the soil.

MARYSVILLE TO PLAY HERE SOON

GIRLS TO HAVE GREAT GAME
WITH SOUTH STATE LASSIES
FOR NEXT FRIDAY.

Entertainment Being Arranged for
Visiting Girls and Their Stay
Will Be Made Pleasant.

All arrangements have been com-
pleted for the girl's basketball game
between the Newark High school
team and the Marysville girls which
will be played at the East Main street
armory one week from tonight. Man-
ager Nehls has not yet announced the
lineup and will not do so until the
afternoon of the game, and perhaps
not until just before the game opens.
The game will start at 7:30 p. m. and
the admission will be but 15 cents.
There will be considerable expense
in bringing the team to Newark and
the low price of admission should
bring out a big crowd. The girls
proved by their playing last Monday
night that the game would be fast in
every respect and well worth the
price of admission.

It has been arranged to entertain
the Marysville lassies royally while in
the city. Misses Louise Norpell and
Dorothy Vail will entertain the vis-
itors and the members of the Newark

AMERICAN ASS'N PLAYING SCHEDULE

Season Opens April 17 With Milwau-
kee at Columbus—Season to
End Sept. 16th.

Milwaukee, Wis., March 15.—Presi-
dent Joseph D. O'Brien gave out the
official playing schedule of the Ameri-
can association for the coming season.
The schedule calls for the playing of
154 games. The season opens on April
17 with Milwaukee at Columbus, Kan-
sas City at Louisville, St. Paul at To-
ledo and Minneapolis at Indianapolis.
Memorial day games will be played at
Columbus, Toledo, Kansas City, St.
Paul and Minneapolis, the latter two
teams alternating morning and after-
noon games. On Labor day Kansas
City, Indianapolis, Toledo and Milwau-
kee will be at home. The season
closes Sept. 16.

LAJOIE'S GUIDE IS OUT.

Napoleon Lajoie's Official Baseball
Guide for 1907, is out. This great
ball player has certainly made good
in publishing business and from the
appearance of the guide he certainly
deserves a great deal of credit for
the efficient manner in which it is
compiled.

The volume contains 288 pages
Has complete official records of the
American, National and all minor
leagues. Contains fine half tones of
the American and National league
clubs, and the champion clubs of minor
leagues from all over the coun-
try.

There is a complete record of the
World's Series played at Chicago
fully illustrated with pictures in ac-
tion of the great players who partici-
pated in these games.

BOWLING

The Flicker club in the City Bowl-
ing league and the Gimlet club rolled
three games on the Music hall alleys
last night, the Flickers winning three
straights. The scores made were
good. The totals follow: Flickers,
942, 858, 755, 2555. Gimlet, 839,
824, 753, 2416.

Dr. Dickinson and Dr. Shai rolled a
match game on the Music hall al-
leys last night, Dr. Shai getting high
score, 205. Dr. Dickinson got the
high average. Owing to the late hour
the final game could not be rolled.
This series will be finished tonight at
9 o'clock.

FIVE IN THE RACE

Madison, Wis., March 15.—With the
announcement of the candidacy of
Congressman Cooper of Racine, there
are five entries in the race for the
seat of Senator John C. Spooner. Be-
sides Cooper, there are Congressman
John J. Esch, ex-Congressman Isaac
Stephenson, ex-Senator W. H. Hatten
and ex-Speaker I. L. Lenroot. Gov-
ernor Davidson declines to be con-
sidered a candidate.

PAY CHECKS HERE

The Baltimore & Ohio pay checks
are here and the employees of the rail-
way company are receiving their
money for last month's service.

To receive their pay, the men are
required to stand in the open and
await their turn at the window. In
bad weather this is a disagreeable
task and no matter what the weather
may be, no little time is lost. After
the checks are issued still more time
is required to visit the bank to re-
ceive the cash.

The company requires efficient and
gentlemanly service from all of its
men, and some of the men think they
should require equally courteous
treatment from the company. Many
of the railway men as they stood
about today, awaiting their turn at
the window, wondered whether a bet-
ter way of "paying off" could not be
devised. Some would prefer the old
pay car system to the method now in
operation.

FOOD POISONS

90 Per Cent of All Diseases the Re-
sult of Undigested Putrefying
Foods

Men of affairs, women of society
and children with active brains are
too often sedentary in their habits,
giving little time to exercise. To this
evil is added that of high and irregu-
lar living—as a result, the stomach
cannot stand the demands made upon
it. The abused and overtaxed stom-
ach does not properly do the work of
digestion, food taken in ferments and
the poison permeates the whole sys-
tem. The body loses in weight and
becomes a prey for the attack of what-
ever disease it may encounter.

Did it ever occur to you how busy
that stomach of yours is? It only holds
three pints, but in one year you force
it to take in 2,400 pounds of material,
digest it and prepare it for assimila-
tion into the blood. No wonder it re-
bels when overworked. We crowd it
with steaks and pastry, irritate its
juices with spices and acids, and ex-
pect the stomach to do its work. It
can't do it.

All over the inner layer of the
stomach are glands which secrete the
juices necessary to digestion. The
entrance of food into the stomach is
the signal for these glands to do their
work. The more the food, and the
more indigestible, the greater the de-
mand upon them and upon the muscles
of the wall adjoining.

Think of the tons of high-seasoned
game, sweetmeats and appetizers
crammed into this little four-ounce
mill, and then wonder, if you will,
why you are dizzy or nauseated or
constipated. Don't blame your stom-
ach or curse your fate that you should
be born so unfortunate. Blame your-
self and apply the remedy.

First, get a small package of Stur-
art's Dyspepsia Tablets, taking one
after each meal and at bedtime. They
are not a medicine, but a digestive.
Your stomach is worn out and needs
help, not medicine. Stuart's Dyspep-
sia Tablets will do the work that the
stomach fails to do. There's enough
power in one grain of Stuart's Dys-
pepsia Tablets to digest 3,000 grains
of ordinary food, so you needn't fear
that anything you eat will remain in
your stomach undigested.

Stuart's Dyspepsia Tablets will rout
the poison because they remove the
cause—food fermentation. They are
nature's own cure for dyspepsia. The
host of troubles dyspepsia is father of
cannot be numbered, for a healthy
stomach is the source of all health.

Seize your opportunity before worse
conditions confront you. Send today
for a free trial package of Stuart's
Dyspepsia Tablets. They will bring
your stomach relief. F. A. Stuart Co.,

A DAY'S DOINGS IN POLICE COURT

JOHN DERMER PAYS FINE FOR
STRIKING WIFE ON JACKSON
STREET.

Geo. Myers Found Minus Shoe and
Coat—Mother Testifies Against
Her Son

Because John Derner struck his
wife "between the table and the cup-
board," Mayor McCleery fined the
man \$5 and costs in police court on
Friday morning. Derner was arrest-
ed at the home of his wife on Jack-
son street Thursday afternoon be-
cause he came to the house drunk
and proceeded to raise a rough house.

Mrs. Derner was testifying on the
witness stand when she made the
startling statement noted above. Mrs.
Derner could not tell the mayor
what county she lived in and said
that she resided in Delaware or
Franklin county and it seemed that
Ohio was as strange to the woman as
some Mexican province.

The woman testified that she had
not lived with her husband for a year
and that he had contributed nothing
to the support of her family of three
children. One of the boys is under
16 and a cripple, having lost both
legs in the railroad yards while jump-
ing trains. Derner may be brought
up for nonsupport. He paid his fine
Friday morning and was dismissed.

George Myers, who claims to be a
railroad switchman but whom the po-
lice accuse of being a professional
bum, was found at Braunhold's gro-
cery last night dead to the world. By
some hook or crook Myers lost his
shoe and his coat. He claimed to
have recently held a job as switch-
man in the yards of the Wabash at
Indianapolis. He was fined \$5 and
costs and sent to the stone pile.

George Mason was in police court
Friday morning on a charge of
drunk and disorderly conduct and
using profane and indecent language.
His mother and stepfather were the
witnesses against him and when it
came to a "show down" Mrs. Dennis
refused to testify against her son, al-
though she admitted that he came
home intoxicated. She told the mayor
that her husband was persecuting the
boy. Mason got a suspended fine of
\$1 and costs and the three left the
court room together.

Mason nearly created a panic by
telling his stepfather that the police
officers gave him the liquor which
made him drunk. It finally developed
that he merely got his money from
them. Mason was one of the men
hired to assist the police in the re-
scue of families in the flooded district.

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and
cover up the outward symptoms for awhile, they cannot cure Contagious
Blood Poison; when the treatment is left off, the disease will return worse
than before. Mercury and Potash eat out the delicate lining of the
stomach and bowels, produce chronic dyspepsia, cause the teeth to decay,
make spongy, tender gums, affect the bones and nerves, and often cause
Mercurial Rheumatism, the most hopeless form of this disease. Thousands
have taken the mineral treatment faithfully for years to find, when it was
left off, that the disease had only been smoldering in the system, and the
old symptoms of ulcerated mouth and throat, falling hair, copper-colored
spots, swollen glands, sores and ulcers, etc., would return in all their
hideousness, and they were none nearer a cure
than when they first commenced the treat-
ment. S. S. S. is the only certain, safe
and reliable treatment for Contagious
Blood Poison. It is the one medicine
that is able to go into the blood and cure
the disease permanently, and without in-
jury to any part of the system. S. S. S.
does not cover up anything, but so completely removes the poison
that no trace of it is ever seen again. This medicine will also remove
any bad effects left by previous mineral treatment. S. S. S. is made
entirely of roots, herbs and barks; we offer a reward of \$1,000 for
proof that it contains a particle of mineral in any form. Write for our
home treatment book, and if you desire special medical advice, our physi-
cians will be glad to furnish it, as well as the book, free of charge.

"DEAR PUBLIC" HAS NO CHANCE

PROMINENT PROVISION PACKER
HAS TALK WITH AN ADVOCATE MAN.

Very Seldom the "Piker" Wins in Board of Trade Deals—Why It Is So.

In an Advocate man's interview with a prominent provision packer, the fact was plainly brought out that the "dear public" has no chance to win when he (the dear public) goes on the "board" and buys "margins," and he has just as good a chance of succeeding if he would shut his eyes and buy the commodity that he happens to put his finger on.

Explaining, the packer said: "First of all, the packers and warehouse men control the money that is available to handle the commodities in which they deal, and what quantity of stuff that they succeed in gathering up with this money is none of the public's business; they have stockpiles the world over that are experts on reporting crop conditions and visible supply so when a fool price for futures is hung up they know to a dead certainty where they are 'at,' and the public gets all that is coming to it.

"When the packer deals on the 'board' he has a sure thing, for the raw material, by means of their perfect organization, is purchased at the right price, and the manufacturing end is figured so that there is always a profit on each article handled. Sales or purchases for future contracts are kept protected against loss by hedges on the 'board' and this feature of insurance is generally used to insure against loss from wide fluctuations.

"But where the big packer has a chance to get the public's money, is when the packers have sold big contracts ahead, such as for sides, ribs, canned beef, etc. For instance, suppose a large contract is made with some government for thousands of barrels of sides for future delivery. This of course, throws an equal amount of the other by-products of the hog on the market that must be placed, for you can not cut the sides out of a hog, sew the animal up and wait for another side to grow in. Now these big packers are organized and tell each other all about these heavy future deals, and all guide themselves accordingly. First they hustle to place these by-products with

the consumer at a price as near the manufacturing figures as possible, but if it happens in the ignorance of the public, that fancy prices are being quoted for the futures, on these unsold products, and as they know to a dead certainty just how much of these have got to come on the market at a certain date, they sell these futures to the gullible public.

"After cleaning up a wad, 'tis a trip to Europe, automobiles, etc., then, back to Chicago, and do the public again.

"One often wonders why this business continues to flourish, but the excitement of it is attractive, for it is only a form of gambling, and then it is only human nature to tell of your profits and what a smart dealer you are, but to keep mum about your losses.

"Under the conditions of the law of supply and demand, your intelligence of the same is as good as any one's, but with the immense amount of capital that organizations control and have invested to handle our necessities of life, if you would win a fortune buying on margins you must have enough capital to 'stay' and to get over the hill until manipulation is at an end and true conditions assert themselves.

"It is very seldom that the 'piker' wins."

COL. KIBLER TELLS WHY OLD SOLDIERS SHOULD JOIN THE G. A. R.

W. D. Nash Talks of Experience in Andersonville Prison—Amos Brice Also Spoke.

The camp fire held by the old soldiers at Memorial Hall on Thursday night, was one of the most enjoyable occasions held by the battle-scarred veterans for many a day, and included a program brimming over with patriotism from start to finish.

Colonel Charles H. Kibler gave an interesting talk on "Why all old soldiers should be members of the G. A. R.," while W. D. Nash gave his experience as a prisoner of war in Andersonville, and Amos Brice gave his experience as a recruiting officer during the civil war. The remarks were interspersed by patriotic songs. Miss McFarland, daughter of the late Robert McFarland presiding at the organ and assisting in the singing. The entire affair will be long remembered with pleasure by all who were in attendance.

NEWS OF TOWNS NEAR NEWARK

MESSAGE FROM HOT SPRINGS SAYS MISS BLANCH TURNER WEDS HARRY TAYLOR.

School Property Destroyed—Banker's Close Call—Mt. Vernon Wet—Other News Items.

(Special to the Advocate.)
Lima, O., March 15—Word has just been received here announcing the marriage of Harry E. Taylor of Hot Springs, and Miss Blanch Turner of Newark, Ohio. The marriage took place at Hot Springs, January 28, 1906, at the Malvern avenue Methodist church parsonage, the Rev. M. W. Manville, pastor of that church officiating. Mrs. Turner formerly conducted a restaurant on the north side of the public square in Newark.

BANKER'S CLOSE CALL.
Marysville, O., March 15—Some person fired a shot through the plate glass window of the bank of Marysville, the leading financial institution of the county, yesterday, narrowly missing President Walter C. Fullington.

BURR STILL MISSING.
Columbus, March 15—Director Charles B. Burr is still missing. It is now thought that he is either a suicide or fugitive. Mr. Immel appears to be nearing a break down.

SCHOOL PROPERTY DESTROYED.
Mt. Vernon, O., March 15—Vandals forced an entrance to the High school here and did considerable damage, such as cutting electric wires, etc. Books belonging to the pupils were exchanged and mixed up, causing much confusion in the classes. The piano in the chapel was stuffed full of paper and books. It is thought to be the work of some of the High school boys.

MT. VERNON VERY WET.
Mt. Vernon, O., March 15—According to the records at the county auditor's office, there are 28 saloons within the limits of this city. Application was made today by Howard & Luze to be entered on the duplicate, this being the 28th saloon.

PHYSICIAN EXONERATED.
Delaware, March 15—The sensational \$25,000 damage suit which was filed against Dr. Silas W. Fowler a prominent physician in which Perry Davis a farmer charged the doctor with the alienation of his wife's affections, was brought to an abrupt close here when the plaintiff's attorney filed papers of dismissal in the case and paid the costs of the same. This action completely exonerates the physician. From the documentary evidence which the defendant had secured and which he hoped to divulge in court it is said that he had been made the victim of one of the most contemptible blackmailing schemes ever perpetrated in this part of the state.

SIGHT DESTROYED BY BURSTING GLOBE

Miss Lulu Jones of Hanover is Recovering from Injury and Will Soon Return Home.

(Special to the Advocate.)
Cleveland, O., March 15—Miss Lulu Jones of Hanover, Ohio, who was seriously cut about the face some time ago by broken glass from an incandescent electric light globe bursting, is reported much better today. Miss Jones is now rapidly improving and will be free from a scar, but will probably lose the sight of her right eye. She will probably be able to return to her home in Licking county soon.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

ALBERT CRANE IS HURT BY A FALL

The police patrol was called to Sixth and West Church streets Friday at 1 p. m., where Albert Crane, a brick mason, residing at 299 West Locust street, had fallen and injured his head. The stretcher was used by the officers for the first time since the new wagon has been in use.

Mr. Crane was climbing a fence near the Central school building when some boys came along and kicked his feet out from under him. He fell to the walk, striking his head with such force as to render him unconscious until some time after he was placed in the Newark Sanitarium. Dr. J. G. Shuler was called, but did not think the man's condition serious, although his head was bleeding profusely when he was picked up.

In the course of one year the visitors at the British Museum numbered 954,500.

Sore Throat Prudence

No family medicine chest is well stocked without a bottle of TONSILINE, for you don't know what moment it may be needed to cure a suddenly developed case of Sore Throat. Don't take unnecessary chances, because Sore Throat seems a little ailment. It may be Tonsillitis, Quinsy, Croup or Diphtheria tomorrow. Cure the Sore Throat by taking TONSILINE, the one, exclusive throat remedy, and prevent these dreaded diseases. One dose of TONSILINE will give relief, and a very few doses will cure. It is the stuff in time. 25c and 50c, at all druggists. The Tonsiline Co. Canton, Ohio.

POWER PLANT

At Thomas Foundry is Kept in Fine Condition by Engineer W. E. Lyon.

A fine example of care of engines and a big power plant came to the notice of an Advocate reporter at the Thomas foundry. Few dining rooms are kept cleaner or look more inviting than did the engine room of the Thomas foundry Thursday when visited by the Advocate man. The swiftly whirling machinery sparking under the incandescent lights, added to the appearance of the room and caused some questions to arise in the mind of the scene. Engineer W. E. Lyon is in charge of the plant in day time, and desert's much credit for the care of it. A 100 horse power Cooper-Corless engine furnishes the power for the blacksmith shop, the ingot mould foundry, the core department and also furnishes the electric lighting for the entire concern. Mr. Lyon has been with the Thomas foundry only about a year, but in that time has completely demonstrated his ability so that the power house is at any time open for inspection by curious persons or the legal inspectors, who gave it an excellent grading last year.

RICH BLOOD THE SECRET OF HEALTH

DRUGGIST F. D. HALL STRONGLY RECOMMENDS VINOL FOR THE BLOOD.

"The blood should have ninety-five per cent red corpuscles. With a less amount come weakness, sickness and suffering.

"We see every day on our streets many people whose faces plainly show impure, impoverished blood.

"We want everybody in Newark to know that Vinol purifies, vitalizes and enriches the blood, increases the red corpuscles and creates strength.

"This is because Vinol contains in a highly concentrated form all the medicinal, blood making and body-building elements of cod liver oil actually taken from fresh cods' livers, the useless oil eliminated, and tonic iron added, a useful constituent for the blood, added.

"We guarantee Vinol will purify and enrich the blood, create strength, and build up every run-down person in Newark, or return the money in every case where it fails." Frank D. Hall, Druggist.

Note—While we are sole agents for Vinol in Newark it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

NEWARK PICTURES ON EXHIBITION

SEVEN COUNTRIES REPRESENTED IN WORK SHOWN AT THE LILLIE GALLERY.

Committee of Artists Selected 107 Prints, Five of Which Were Made in This City.

(Special to the Advocate.)
Columbus, O., March 15—Newark has a prominent place in the exhibition given by the Photo-Secession under the auspices of the Columbus Art Association in Walter L. Lillie's art gallery, 184 South High street. In all 107 pictures are shown, representing the work of 35 photographers. The pictures came from England, Scotland, France, Germany, Canada, Austria and the United States. These pictures represent pictorial photography in its latest development.

Clarence H. White, who recently left Newark to pursue his work in New York, has eight pictures in the exhibit as follows: The Fountain, Pipes of Pan, Morning, Evening, In Arcadia, Head of a Young Girl, Kevinburke and Mrs. Harrington Mann.

Miss Emma Spencer of Newark, whose pictures have been rewarded with several European medals, has five of her photographs in the exhibition as follows: Repose (being a picture of her father, the late Dr. B. F. Spencer), The Decorator and three portraits.

Herbert French of Cincinnati has three, Miss Katherine Scansberry of Zanesville and Mrs. Geo. Staussberry of Zanesville, two pictures in the exhibition, but there are no others from Ohio.

The Columbus Art Association solicited the display and the exhibit was secured through the efforts of Messrs. Steiglitz and White. The pictures will remain hanging upon the walls of the Lillie gallery until March 26. Though the gallery has been open to the public only since Tuesday of this week, the attendance has been large, and the "new" photography is being much admired. No medals or prizes are to be awarded, but the prints on exhibition are offered for sale. One of Miss Spencer's five pictures has already been sold.

A committee of artists representing the Photo-Secession met in New York recently and selected from a large number of prints submitted, the 107 photographs that constitute the Columbus exhibit.

LECTURE FOR CHILDREN.

A Special Free Lecture for little girls and young ladies will be given at the Y. M. C. A. building tomorrow (Saturday) morning at 10 o'clock sharp, by Miss Burr, of Boston, who is giving the course of Free Lectures on Cooking, now in progress at the above mentioned hall.

At this Children's lecture Miss Burr will make and serve hot cocoa, cocoa fudge and chocolate ice cream, and every little girl and young lady attending will be presented with a little Walter Baker Souvenir.

Special attention is called to the large ad. in this paper relative to these Free Lectures on Cooking, which open today at the Y. M. C. A. building. There is absolutely no charge whatever for these lectures. They are free to all, and are complimentary to the housekeepers of Newark and are given for the purpose of teaching the ladies of the city new and novel methods of using Walter Baker's Chocolate and Cocoa.

In these lectures Miss Burr makes and serves Cakes, Puddings, Meringues, Fudge, Layer Cakes, Ice Cream, Jellies, Custards, Blanc Mange, Bavarian Cream, Souffles, etc. three of our different desserts being prepared and served at each lecture, and also the Walter Baker Breakfast Cocoa or Hot Chocolate with whipped cream.

A specialty is made of individual serving. Nothing is sold at these lectures, and in Marietta, where a course has just been concluded over 1900 persons availed themselves of the privilege of attending the same.

Little sample cans of Breakfast Cocoa and cakes of Vanilla sweet and the Premium No. One or cooking Chocolate are given to all who attend. Also a handsome book of "Choice Chocolate Recipes."

The lectures commence this afternoon and will be continued up to and including Thursday of next week—seven days in all—and it is to be hoped that the housekeepers of Newark will not fail to avail themselves of the exceptional opportunity of receiving instructions in the art of fine cooking at no expense whatever to themselves.

Miss Burr, the lecturer, is a graduate of the Domestic Science Department of the Boston Y. W. C. A. and is a past mistress in the art of making delicate and appetizing dishes—all of which can be made at home, and at small cost.

Remember—the lectures can only be given for the period above mentioned and the hall ought to be filled at each one.

Ladies will please use the Church street entrance to the Y. M. C. A. building for these lectures.

AMUSEMENTS

A COUNTRY KID.

Manager Matthews has closed a contract by which he has secured this season's theatrical novelty success, "A Country Kid," for Saturday matinee and night. This is one of the latest metropolitan successes, a play that combines comedy, pathos and a strong heart's story, dealing with life as seen in small Indiana towns. The general character "A Country Kid" is an awkward gawky boy. The scenic effects are said to be especially fine.

HEIR TO THE HOORAH.

The title American comedy is a most becoming one for Paul Armstrong's "Heir to the Hoorah," as it is wholly American, and, like the attractions bearing the stamp of the Kirke La Shelle company, bears the detailed evidences of originality in every respect. The plot is a peculiar thing in many respects, but, aside from a few improbable situations, is built on such a serious basis that at times the comedy classification does not seem to fit it at all.

The company seen here in the piece Thursday night is an excellent one. Guy Bates Post, as Joe Lacey, owner of the Hoorah mine, was decidedly clever, as was Janet Beecher in the leading female role. The work of Ernest Lamson and Ralph Bean as Dave Lacey and Bud Young was good. Both characters were typical of the Western life and added most materially to the piece. Harry Rich, as Morris, an imported butler, did the "English" very well indeed.

Taken as a whole there is seldom a better balanced company of artists seen in Newark than that of Thursday night.

We Will Buy

You a Bottle of New Liquozone, and Give it to You to Try.

When you learn what Liquozone means to you you will wonder how you went without it. You will regret the time lost in treating germ troubles with remedies which have no effect on germs.

And it costs not a penny to know Liquozone. Simply tell us you want it and we will buy you a bottle gladly. Try it and let the product itself prove its power. All we ask then is that you tell others what the results are. Tell those who are waiting, as you waited, and who are losing what you have lost.

What Liquozone Is.

Liquozone is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus, and consumes 14 days' time. The object is to so combine the gases with a liquid as to carry their virtues into the system.

The result is a germicide so certain that we publish with every bottle an offer of \$1,000 for a disease germ that Liquozone cannot kill. It destroys them because germs are of vegetable origin. But to the body Liquozone is exhilarating, vitalizing, purifying.

That is its main distinction. Common germicides are poisons when taken internally. They are impossible, for they destroy the tissues as well as the germs. That is why medicine proves so helpless in dealing with germ diseases. Liquozone, on the contrary, acts as a remarkable tonic.

We Paid \$100,000.

For the rights to Liquozone, after thousands of tests had been made with it, after its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded at once to it, and diseases considered incurable were cured.

That was five years ago. Since then millions of people in every part of the world have shared in the benefits of this invention. Nearly every hamlet, every neighborhood, has living examples of its power. Now we ask you to let it do for you what it did for them.

Germ Diseases.

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. In one of these ways, nearly every serious ailment is a germ result.

Such conditions call for a germicide, not for common drugs. Liquozone does what other means cannot accomplish. And it is wrong to cling to old ways when millions of people know a way that is better.

50c Bottle Free.

If you wish to know what Liquozone does please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.

Liquozone costs 50c and \$1.

CUT OUT THIS COUPON

Fill it out and mail it to The Lignozone Company, 625-64 Wabash Ave., Chicago.

My disease is..... I have never tried the new Lignozone, but if you will supply me a 50c bottle free I will take it.

We are now putting out an improved Lignozone, based on five years of experience. And even old users may accept the above offer, to learn how much better the new product is. Lignozone is guaranteed under the new Pure Food Law. Any physician or hospital not yet using Lignozone will be gladly supplied for a term.

COURT GRANTS GRAHAM DIVORCE

HULL-SPARTA CASE BEFORE THE COMMON PLEAS COURT THIS AFTERNOON.

Administrators Appointed—Realty Transfers—Other Court House News.

The divorce case of Lulu May Graham against Harry Graham, which was partly heard by the Probate court Thursday, and which was held open until plaintiff could prove good character, was finally disposed of Friday by the court granting the decree as prayed for.

Clifford Browning Insane.

Clifford G. Browning, a well known resident of this city, aged about 39 years, who has been employed at the restaurant of Kuster & Co., as a waiter for some time, was found wandering about the streets at a late hour Thursday night in a demented condition, and was taken to jail. Friday morning, his father, William Browning, of near Kirkersville, filed an affidavit of insanity and he was taken before the Probate court. He was adjudged insane and was taken over to Columbus Friday afternoon. Dr. Rutledge testified that the man was subject to hallucinations, and that there had been a complete breakdown of the nervous system. His principal hallucination is that he is very wealthy and that he has money to buy whole blocks of buildings.

Probate Court Notes.

Daniel L. Mauger, administrator of the estate of Minnie B. Gunder, has filed his first and final account.

Joseph D. Bader has been appointed administrator with the will annexed of Dameter Bader. Bond \$4500.

DOWIE'S WORDS.

"Vipers and Dogs" to Be Driven Out of Zion When He Returns.

Chicago, March 15.—Although the sermon prepared by John Alexander Dowie before his death was not used in the funeral rites in Zion City, still it was given out for publication. This sermon makes it plainly evident that Dowie did not forget his enemies before he died, as he lashes those who ousted him from control as "dogs of hell." Dowie concluded his posthumous sermon in the following manner: "I shall return, and with ruthless hand shall I exterminate the vipers and the dogs of hell that now hold the high places in the city of Zion. They dreamed, and in the grossness of their dreams they thought they had prevailed over the first apostle. And now, priests and elders of Zion, I shall return to strike ye down. I shall return in another form, brighter and more beautiful and ten thousand times more terrible, to cut ye off in the midst of your sins, and to win back Zion for the truth and for them that held to the word and did no evil."

GENERAL NEWS OF BUCKEYEDOM

SEVERAL PRISONERS PAROLED FROM THE PEN. BY BOARD OF MANAGERS.

Twice Struck by Train—Jealous Husband—Salesman a Suicide—The Printers Invite Hearst.

Columbus, O., March 15.—Homer Young, one of the Williams county incendiaries, who has been of material assistance to the state fire marshal's department in convicting many of his former associates, was paroled from the penitentiary by the board of managers. Other paroles were: William Morgan, Darke county, received Oct. 15, 1905, for pocket-picking; Luther Hill, Logan county, received Dec. 4, 1905, for assault to rob; Cash Megley, Darke county, received Nov. 10, 1904, for criminal assault.

Twice Struck by Train.

Marion, O., March 15.—John Iden, 21, of Caledonia, O., who two weeks ago was hit by a train and knocked into the Whetstone river and escaped with slight injuries, was struck by a Big Four freight again. He may die from his injuries. Iden was driving a dray. A barrel of whisky which he was hauling was carried about a block on the pilot of the engine. Iden was hurled 50 feet. The accident occurred at the same crossing of the first mishap, when Iden's horse was killed.

Jealous Husband's Deeds.

Lorain, O., March 15.—Driven insane by jealousy, Sam Kovates, Hungarian, employed at the steel plant, shot and instantly killed Rose, 21, his bride of six months. After the shooting Kovates fled from the scene, but in a few minutes returned and standing over the body of his victim, fired a bullet into his left eye. Neighbors say he began to misuse his wife within three days after the marriage, being needlessly jealous of her.

Salesman a Suicide.

Washington, O. H., O., March 15.—U. G. Smith, traveling salesman for the American Book concern, committed suicide in his room at the Cherry house in this city. Smith shot himself in the mouth with a 32-caliber revolver. He attempted suicide at London, O., with morphine, about a week ago. He was 47 years of age and leaves two children.

Six Rooms Wrecked.

Youngstown, O., March 15.—Six rooms were wrecked and guests were thrown from their beds in an explosion at the Salow, one of the leading hotels. G. E. Rutter of Akron is believed to have left the gas turned on in his room all night and attempted to light it. The flesh was burned from his head, hands and feet. He will die.

Foul Play Feared.

Bellevue, O., March 15.—The county coroner is investigating the death of Mrs. Jane Parsons, 80, who died Sunday, presumably from falling against a red hot stove at her home in Rushsylvania. She lived alone. It has been discovered that her clothing was not burned and that her pension money recently drawn disappeared.

Printers Invite Hearst.

Columbus, O., March 15.—William R. Hearst, publisher of a number of newspapers, who has been a candidate for president, governor of New York and mayor of New York city, has been invited by Typographical Union No. 5 to speak in Columbus on Sunday, May 26, on the occasion of the memorial exercises of the union.

Two Trainmen Killed.

Dayton, O., March 15.—Martin Glancy, engineer, and Clark Griffin, fireman, of Dayton, were killed when a Cincinnati, Hamilton & Dayton passenger train was derailed near Jamestown. Harry Kline, trainman, was hurt. The passengers were badly shaken up.

Financial Troubles.

Cincinnati, O., March 15.—A. E. Green, a deputy city weigher, committed suicide by shooting himself in the head while standing in front of a mirror at Weaver's barber shop. Despondency because of financial troubles is supposed to have caused the suicide.

To Always Be Sure of Good Cigars

Look for this "Triangle A"

You simply choose your favorite among the brands backed by the "Triangle A" guarantee of honest cigar values.

Then you have banished uncertainty from your cigar purchases. And wherever you go you have a reliable guide.

Simply look for this "Triangle A"

The "Triangle A" on a box of cigars means that every sprig of leaf in every cigar in that box was graded by experts for that one cigar, two years before it was made.

During these two years this leaf has mellowed and ripened in great, clean "stemmeries" in an ideal temperature till all its finest smoking qualities have been developed to a degree of perfection.

The New CREMO

will put these claims to the test and will furnish you a most convincing proof.

Every box is extra-wrapped in glassine paper, sealed to maintain perfect smoking condition and cleanliness until the box is opened.

TWO JAP. PRINCES VISIT NEWARK

NEPHEWS OF MIKADO HERE ON
FRIDAY, STOPPING AT THE
WARDEN.

Stopped in This City to Visit Wehrle
Foundry and American Bottle
Plant.

The city was honored Friday by the presence of two, real, live Japanese princes. The gentlemen are Prince K. Makiyama and Prince S. Matsunaga, of Tokio, Japan. Both are of the house of Matsunaga and are nephews of the Mikado.

The gentlemen have been in this country but a short time but each has a very good knowledge of the language and converse very intelligently in English. They are making a tour of the United States for the purpose of visiting some of the larger manufacturing plants and will probably enter some university for study before returning to Japan. While in the city the two royal guests were registered at the Warden. During the day they visited the American Bottle company's plant and the Wehrle Foundries.

A RECEPTION AT PLYMOUTH CHURCH

REV. T. L. KIERNAN GOES TO
ORRVILLE, OHIO, LATER THIS
MONTH.

Large and Appreciative Audience Assembled at the Church Thursday Night.

Thursday evening the Plymouth Congregational church gave the pastor, Rev. T. L. Kiernan, and family, a public farewell reception at the church. The invocation was by Rev. T. A. Cosgrove. The large and appreciative audience present was highly entertained by a splendid program consisting of music and addresses. The church was decorated by the Gleaners, in their colors, purple and white, while palms adorned the platform. The piano duet rendered by the Misses Keller and the solo by Miss Helen McVey were not only appropriately selected for the occasion, but evidenced much musical skill. Miss Mabel Phillips sang Rock of Ages by Bischoff in her usual pleasing and accustomed style.

Revs. L. C. Sparks, T. A. Cosgrove, J. Bennett, T. H. Warner and S. Tryon occupied the platform. Rev. Mr. Sparks, representing the Ministerial Association, read resolutions commending Mr. Kiernan very highly as the president for a number of years of the association. He paid a high tribute to the manhood, wisdom, brotherliness and patriotism of the departing brother, declaring that he was losing a dear friend and the city a noble man. The other ministers followed in turn, speaking very strongly of their feeling in the loss of a brother, who had endeared himself to them all.

A letter of regret was read from the Y. M. C. A. appreciating the work of Mr. Kiernan and his church in behalf of the young men's work.

Resolutions by the church were then introduced and read by Mr. Daniel Thomas, commending the character, ability and work of Mr. Kiernan, in strong and well chosen language. These resolutions were unanimously passed by the congregation. After the benediction by Rev. Mr. Sparks, refreshments were served by the ladies of the church. General reception followed during the social hour. The success of this pleasant and appropriate reception was largely due to the efforts of the reception committee, which spared no efforts to make it pleasant and profitable, and to Mr. J. V. Hilliard, who presided during the evening with peculiar good taste and dignity.

Mr. Kiernan will leave March 26 or 27 for Orrville, Ohio, where he will become pastor of the Presbyterian church there.
